Mixed Blessings (album) Mixed Blessings is a concept album released in 2006 by Swedish pop band GPOs. It took the band more than a year to get this album made; so it is a sort of reunion album, as it contains songs from their various albums over the years and earlier singles. Track listing Chart positions Personnel Mathias Berning - vocals Niklas Bergelin - guitar Tommy Ek - guitar Lasse Ek - keyboards Mattias Edwall - bass guitar Johan Gustafson - drums Category:2006 albums Category:GPOs albums Category:Sony Music albumsQ: Check if textbox has focus or not I need to determine if a textbox is selected or not. When the page loads, this textbox is selected. When the page is loaded, I make a async call to the server and if the response is not true then I change the the textbox. Then I redirect the user to a different view and then the textbox is no longer selected. How can I check to see if the textbox has focus? Thanks A: If you are using jQuery \$('input[type="text"]').focus() Or, if you need to check focus on all textboxes (text input and textarea) use \$('input, textarea').focus() End of an era: The first walkman goes on sale! It's been a tough week for Nokia. First, a flagship phone cancelled, and now the company says that all of its consumer product brands are being sold to Microsoft. Back in 1981, an engineer named Jani Juskela introduced the world to a new type of technology; one that would shape our lives for the next 30 years. The portable cassette player or "Walkman" as it was known then, got kids and music lovers hooked on the idea of owning a portable music player as a way of listening to their music. Fast forward to today, and the portable music player has morphed into a whole host of different consumer electronics devices, including mobile phones. This week however, Nokia

5 years ago 5 years ago Like Share It's a must play! Try it out. Thank you for downloading the indie game Elden Ring: Lords of Elden. We are using DotA 2 as an example of what we want to create. If you are new to DotA, it is a game that heavily relies on MOBA or "Map". You can think of a MOBA game in general as a bunch of players fighting at once on a big map that changes constantly. The most important principle is called "Control of the map", meaning you always control and move to where you want, and not one of the other players. For the
