Au rythme de la mondialisation des industries de la santé, le recours à ces produits plonge quelque part dans l'inconnu. Il est urgent, dès lors, de les responsabiliser, de les définir clairement et de promouvoir leur rationalité thérapeutique. L'ensemble des hôpitaux doit être, à l'avenir, un acteur de qualité et de sécurité sur les produits thérapeutiques. (Article remanié et rectifié sur la base d'un nouvel état des lieux du thérapeutique dans les hôpitaux par des chercheurs de l'Inserm et d'une équipe de professionnels, de communauté hospitalière, d'universitaires et de leaders de recherche publique à l'université de Rennes, à l'occasion du congrès des membres du Réseau de formation en sociologie et en santé publique (RESS) animé au congrès de la Société française de
