Wisdot: We cannot be sure that there are demand on the market ... In 2008, the Dutch company KL started a study for Wisdot, analyzing the future demand, the feasibility of three sites and the possibility of expanding the Dutch factory KL. As a result of the Wisdot study conducted in 2008, three options were studied to expand the KL factory: in the Netherlands, in the UK and in Germany. As part of this study, two
