When WildTangent announced WildTangent Orb, the primary console in the WildTangent series, it was priced at \$149.99, and it was released in November 2008. It featured a rechargeable battery, charging dock for the included AC adapter (and accessories), HDMI connection for a high definition display, five games (later in game downloads), 600 KB of RAM, USB connection for attaching storage devices, 7-inch touch screen, wireless headset connection, built-in speaker system, and rechargeable battery life of up to 80 hours of game time. The company also launched a PC service dedicated to service the Orb called WildTangent PC service. It was discontinued in November 2009. [20] [21] In March 2009, the company announced WildTangent Orb Advanced, a new version of the console with an improved game interface with enhanced system settings, plus the ability to play games that use the ORBVision standard, and WildTangent Orb HD, an enhanced HD game version. In November 2009, WildTangent PC was replaced with a new service called the WildTangent Web Service, featuring 50 free games (including downloadable from WildTangent Network and the WildTangent Store), unlimited game play, and ability to play on the web and through several platforms, including PC, iPhone, iPad, Android, and Mac. [22] WildTangent Orb Advanced was offered for \$199. I studied informatics and artificial intelligence. I've worked in the information industry for more than 20 years. But I was a game artist and developer most of my life, and I love creating games. I believe games can be a great platform for education and a fun experience for people. They are interesting and challenging. They can generate joy or sadness, curiosity or boredom, and they can teach.
