Obviously I wouldn't go see a comedy with Vice President Biden in it lol, but his performances in the film were hilarious. Especially the scene where his tongue catches on fire. Wouldn't recommend it. Lol i watched it because I read it and it was just a shithole, but i actually had to turn off the subtitles because I couldn't understand the words half the time. I said ok fine in the end I'll just get through it. Turns out when he says something I don't understand or hear, i just move on. I don't have the patience to listen to this guy, id think he'd be more intelligent than that. Plus, I still don't see the point of sitting through just to watch him. I think his movies are garbage. I think the screenwriters know their shit and just wanna brainwash people with lame movies. I agree with a billion Christians. America was supposed to be a Christian nation. I dont understand why America isnt more Christian. Worship at the alter of greed seems to be the trend now a days. When I think of the bible I cant think of a book more hated or feared by those who worship power and money. Sadly, we have become less Christlike as a nation. Good luck in the end. Amen to everything you just said..worked 12 hour days taking care of sooooo many illegals with all their fake IDs and demands for everything they could get for free while I a single parent was told that my children didnt qualify for any help when it was time for college because I made too much money. Its funny how you dont see the dangers of godfather but you see them with Mr Arrogant. A godfather or mother of all corrupt politicians out there, are the other and he is the worst. He knew he was going to be challenged by all the media, Dems.
