---

No matter if you ride on the street or in the mountains, your PRINTLOCK products can be conveniently stored in your Printer or Towing Trailer wherever you ride. To see how to attach the Printlock to your Printer, please see the user manual or refer to the Instruktion Sheet ([Click here to see and download](#)). The PRINTLOCK is appropriate for up to 10 individuals to log in during the life of the product. When we wanted to offer our fast and quick printing system we had no idea about all the technical challenges it would encounter. We had a very agile mind to think of new ways to simplify things. We saw that a few steps toward the start was "Make Printlock EZ". We had no idea then that it would end up like this. This simplified system concept in no way made it less professional, the hand-drawn printlocks had always been a personal work of art. But with the click of a button, a new era is at our fingertips. This full version of our PRINTLOCK can be used on normal towing and trailer and accessory systems. You can easily convert your Trailer or Tow System with an adapter. Don't forget to expand the software "Customer ID" to the version number of your system. Technically simple concept. Both Printlock versions are accessible via both pushbutton and keypad. This works in the same way with a keypad in the trailer or tow vehicle as long as the PC/Laptop is connected via USB The Printlock - "EZ" is a system of 8 "DOOR SHUTTERS". The Printlock "EZ" is a smart system because it uses an electric signal to open and close, the Printlock "EZ" is light weight, simple to move and easy to use. The Printlock "EZ" is ideal for vehicle operators with long hours on the road.
